Elevate your business with Google Cloud – the cornerstone of modern efficiency and innovation.

Empower Your Workforce with Chrome : Powered by ChromeOS & Devices

Chrome offers a simple and intuitive user experience for everyone, from tech-savvy employees to those less familiar with computers. Streamlined boot times, automatic updates, and cloud-based management save valuable IT resources and employee time.

Key Benefits

Faster Boot, Increased Efficiency

Get your team working instantly with Chromebooks that boot up in seconds.

Always-On Security

Built-in features and automatic updates protect data and devices from cyber threats.

Simplified Management

Cloud-based management reduces complexity, allowing IT to focus on strategic initiatives.

Reduced Costs

Long lifespans, lower upfront costs, and minimal maintenance requirements for Chromebooks save money.

Scalable for Growth

Easily scale your Chrome deployment to accommodate future workforce needs.

How Can Chrome Enterprise Help Your Business?

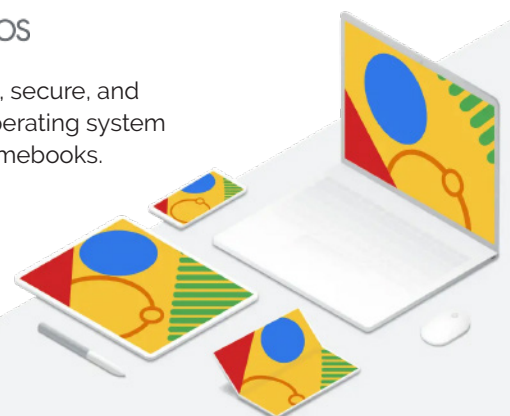

Gain advanced management features and security controls for a secure and scalable Chrome deployment.

Secure, fast, and manageable laptops for the modern workforce.

A lightweight, secure, and updatable operating system powers Chromebooks.

Google Workspace

Create, connect and collaborate with the power of AI

As your trusted Google partner, we are committed to provide you with the comprehensive solutions and expertise you need to drive your organisation forward. Productivity and collaboration tools for all the ways that we work.

Key Benefits

Scalability and Flexibility

Adjust based on your needs with Google Workspace's flexible solutions.

Collaboration and Efficiency

Work on documents, spreadsheets, and slides across your devices, with or without internet.

Global Accessibility

Access your work from anywhere with secure cloud storage.

Security

Benefit from Google's secure-by-design infrastructure protecting your data.

How Can Google Cloud Help Your Business?

Grow and run your business more efficiently

An integrated workspace that's simple to use, Google Workspace lets you spend less time managing your work and more time actually doing it.

Our Services

Infrastructure Modernisation & Cloud Migration

We aim to optimise client workloads using advanced cloud infrastructure. Catering to the unique needs of our clients, offering tailored cloud migration services for legacy applications and data, ensuring regulatory compliance.

Our Services

Cloud Migration

We move your applications to the cloud, ensuring a smooth transition by evaluating your IT infrastructure, identifying suitable workloads for migration, and developing a comprehensive plan.

VMware Hybrid Cloud

Implementation: We facilitate a secure and efficient transition to the cloud using VMware's SDDC technology.

Backup and Disaster Recovery (DRaaS)

We provide a fully-managed backup and recovery service, ensuring your data is always secure and available.

Training & Support

We offer comprehensive training (on-site, remote, and online) and support services to help you and your team master the cloud.

Benefits of the Google Cloud Platform*

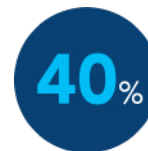

Deploy Faster

Reduce Infrastructure Costs

Improve Developer Efficiency

Reduce Developer Recruiting Costs

*Forrester, Total Economic Impact Report, 2021

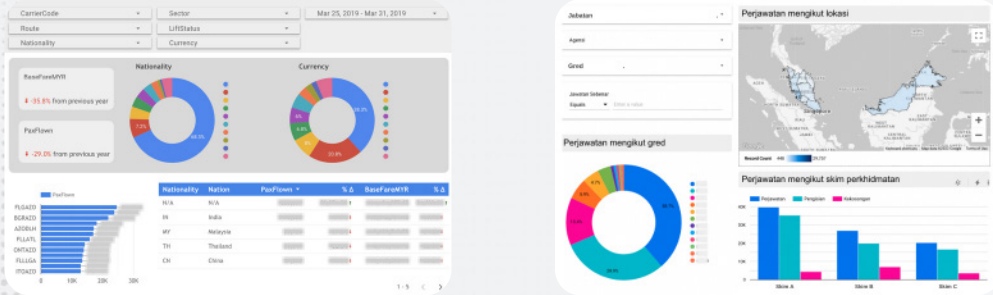

At Awantec & Google Cloud, we know that migrating to the cloud can seem overwhelming. That's why our team of experienced cloud experts will work closely with you to develop a comprehensive cloud migration plan that caters to your specific needs.

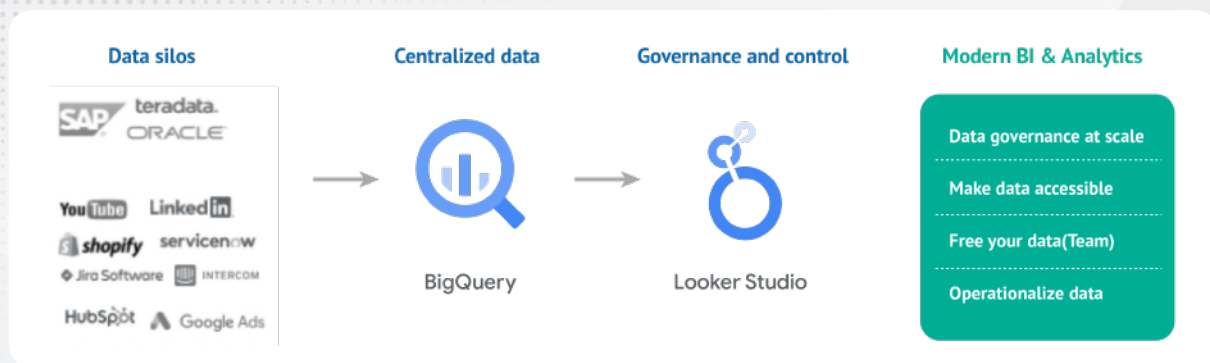

Smart Analytics

Turn Data into Actionable Insights

In the digital era, data is a precious asset but can be challenging to manage. Enter Awantec's Smart Analytics service, offering a comprehensive package that transforms complex data into actionable insights. It's designed to help organisations at any stage of their data journey and caters to both on-prem and cloud solution users.

Modern Warehouse with Modern Analytics

Our Services

Our scope of services includes consultation on building an analytics journey.

- 1 Consultation on building an analytics journey
- 2 Based on the insights gained we define the goals
- 3 Assess data availability and accessibility
- 4 Assess internal team capabilities and training requirements
- 5 Develop a roadmap based on the above assessments
- 6 Implementation of the roadmap
- 7 Ongoing continuous improvement and upskilling

After crafting a roadmap, our experts guide you through implementation and continuous upskilling, keeping you updated with data analytics trends. We offer training, support, and are always ready to **maximise your Smart Analytics experience**.

In essence, Smart Analytics transforms data into insights, offering consultation, implementation, improvement, training, and support, catering to both beginners and advanced data journeyers.

Work Transformation

We aid corporations of all sizes in transitioning to a unified communications and productivity suite, ideal for those using on-premises solutions or cloud email services.

Our Services

Email Setup & Migration

We facilitate a smooth transition from your current email system to Google Workspace, including Gmail.

Custom Service

We provide customised business process automation and workflow solutions using AppSheet.

Productivity Solutions Migration

We ensure a seamless shift to Google Workspace's productivity suite from shared drives and collaborative portals.

Training & Support

We offer comprehensive training (on-site, remote, online) and support to ensure proficiency in Google Workspace

Benefits of Work Transformation*
